

Tears of our World

Jaded Heart

I lay me down to sleep
Night is mine as time is near
You know that you are someday's nightmare

With every step you take
Dark's calling out your name
Living like someday's nightmare

In this fallen land
Spirits have been lost in the sand
Time is right, time is here
Someday somewhere

Full moon is in the sky
Is God forgiving if I gave it all away?
Now I know I am running away from it all
Tears of our world

Silence in our hands
Spirits have been lost forever
Time is right, time is here
Someday somewhere
