

# Without You

Jaded Heart

It's too late, now you're gone  
I know we can't turn back  
Turn back the spell of time, yeah is you  
Who makes me feel like I do  
And baby, I've been trying  
I've been crying like a fool

Cause I didn't know what to do  
Cause I didn't know it's you

Can't live without you  
Now i'm realizing  
All we've been through,  
Means nothing without you  
There's nothing left to lose  
Is too late for apologizing  
But girl is true  
I can't live without You  
I can't live....  
Without You

I stay awake all night  
I couldn't sleep, I couldn't eat  
Cause my mind was full of you  
Yeah is true

I miss all those funny days  
Your love and your grace  
Oh babe, yes is you  
Cause I didn't know what to do  
Cause I didn't know it's you

Cant live without you  
Now i'm realizing  
All we've been through,  
Means nothing without you  
There's nothing left to lose  
Is too late for apologizing  
But girl is true  
I can't live without You  
I can't live....  
Without You

Can't live without you  
Now I'm realizing  
All we've been through  
Means nothing without you  
There's nothing left to lose  
Is too late for apologizing

Oh baby yes its you  
Who makes me wanna move  
I surrender off to you

I didn't know what to say  
I don't know who's to blame  
But girl is true

I cant live without you  
I can't live without you  
I can't live...  
Without You
