Jaden Smith

(We could have been never endless...  
Just let the past be the past)

Thy hair inspired God to make the breeze  
Thy lips inspired God to make a man  
And from his rib an angel born as Eve  
Formed into flesh and promised him her hand

So lay me down in Eden under stars  
And show me why it's us that he will choose  
If happy, I would die here in your arms (in your arms)  
Don't cry because the ocean makes me blue  
Girl I don't know why  
I float alone in the sky at night (all alone in the sky at night)  
So, baby, hold me tight  
We need to be in each other's lives

Thy hair inspired God to make the breeze  
Thy lips inspired God to make a man  
And from his rib an angel born as Eve  
Formed into flesh and promised him her hand

Oh, girl, I don't know why  
Float alone in the sky at night  
So, baby, hold me tight  
Need to be in each other's lives  
She said "I don't love you"  
Not good enough, wasn't good enough  
She said "I don't love you"  
Not good enough, wasn't good enough  
She said "I don't love you, stay out"  
(I was tryna love you but we falling down)  
I love you now  
Good enough, good enough  
(Leave me alone)  
I need to feel your bones  
I need you in my home now  
Girl I'm in my room  
She said "I don't love you, no"  
I'm falling down, good enough  
She said "I don't love you"  
Falling down  
She said "I don't love you"  
I love you
