

We was in our parking lot phase
We were like fifteen
All your energy was sent to me
And I gave you the same
At least that's just how I see it
Girl, I'm sorry about everything
(Maybe you're the one)
And I don't want to say it 'fore the sun
(I don't wanna miss this touch)
Don't know why she be always waitin' for the sunrise
(Didn't wanna fall in love)
Range on a roll, want a full ride
On the way to Westlake, said I love you like a 100 times
Watch the sunset, but you're soaring in the summertime

I'm still here in your eyes (I'm tryna find your lucid touch)
There's passion in your eyes (So you can know how I'm feeling)
Now laugh, so I can see you smile
'Cause it's been a while
We should take a drive

Where we will go?
Where we've never been before
'Member when I'd fall in love?

I can't sleep at night
Till I can sing you this lullaby, oh my

I know I'm just young and in love
Butterfly on a hill, third eye lotus
Head in the mud
But I have the heart to tell you I'm sorry

I hope we stay close growing up
'Cause you're all that I want
Hills are hidden, just like our love
Only sky above us

Girl, you got me stressed out as fuck
I ain't been honest enough
You're the only thing that I want
So, I'm not giving up

Not giving up
Not giving up
Not giving up

The summertime, I close my eyes, it's you
(Jaden! Jaden! Jaden!...)
