

We was in a parking lot phase
We was seventeen
All your energy was set to me
And I gave you the same
At least that's just how I see it
Girl, I'm sorry about everything
And I don't want to say it
For the sunrise city always waitin' for us
Sunrise Range on the Rover
Wanna full ride
On the way to Westlake
Said I love you like a 100 times
Watch the sunset soaring in the summertime

Passion in your eyes
Laugh so I can see you smile
'Cause it's been awhile
We should take a drive

Where we will go
Somewhere where we never been before
I can't sleep at night
Until I can sing you this lullaby
Oh my
I know I'm just young and in love
Butterfly on a hill
Third eye lotus head in the mud

But I don't have the heart to tell you, I'm sorry
I hope we stay close growing up
'Cause your all that I want

Choosing just like our love
Only sky above is
Girl, you got me stressed out as fuck
I ain't been honest enough
You're the only thing that I want
I'm not giving up

Not giving up
Not giving up
Not giving up
