We in love, are you stupid, what the fuck?

Puffing zillows on that lil boat, it was us

I put diamonds in your pillows

Paid your bills and made you cum

Got you rolling on the road, a brand new truck

Ain't no codeine in this cup

I got morphine in my blood

The night at the four seasons got ugly

I broke your heart non trust

Because I got drunk and a lil touchy

But you're everything that I want

Stand in the mirror like it was a sun

Thank you
