

# E

Jaden Smith

So I dream in color  
I found Eve sleeping with another  
Take my hand, but don't pull me under

Cause if I fall for you, it's gon' be trouble  
And if I fall for you, there's gon' be trouble

Girl I'm wondering, I'm just wondering  
Is it just me or would you  
Do the same thing to another kid?  
Girl, I understand if a heart is never broken  
Where the hell the fun in it?  
Got my shooters with me when I run in it  
Would you relax, girl? We just taking pics  
You know I run with the intelligence  
Man I swear the city hate the melanin  
Just how I hate the weapons that they sellin' 'em  
And I don't care what they tellin' now  
I be sonning jokers, I got hella kids  
Fucking with the clique and you a skeleton  
Put a case around my heart, Pelican  
Got a couple secrets I don't tell my friends  
Started walking slow and then I fell again  
Like why, all these knives started falling from the sky?  
Man, I'm doubting I'll survive  
Why you trying to turn me into your guy?  
Baby, I'm just tryna catch your vibe

Cause if I fall for you, it's gon' be trouble  
And if I fall for you, There's gon' be trouble

Girl I'm wondering, I'm just wondering  
Is it just me or would you do  
The same thing to another kid?  
Girl, I understand if a heart is never broken  
Where the hell the fun in it?  
Got my shooters with me when I run in it  
Would you relax, girl? We just taking pics  
So you know I hated our relationship  
And girl you know I run with the intelligence  
Swear the city hate the watermelon and the melanin  
Girl, your heart is open so I fell in it  
I'ma follow the rules then rebel again  
As soon as I can get a whiff of freedom  
All these girls you know I never need 'em  
Huh, know you think I'm so conceited  
My innocence will never be defeated  
Huh, lately I'm running from demons  
Been having trouble since I was a fetus (Jaden!)  
My heart is tatted with description, my chest is hurting  
Girl, I'm just a bishop, had a problem listening the father figures  
Now I'm on a wave, hope that God is with us  
But I've calmed, calmed down  
Not as vicious, I'm just glad I got a kitchen pot to piss in  
If I didn't, that would mean I blew my riches  
Screw these other girls, girl I know I'm trippin'  
Girl, you know I'm trippin' on you

I think you picked the wrong dude  
All eyes on me, slippin', fall through it all  
You don't know what I'm going through  
The saddest shit is so true, that's why my soul is so blue

Thy hair inspired God to make the breeze  
Thy lips inspired God to make a man  
And from his rib, an angel born as Eve  
Formed into flesh and promised him her hand  
Thy hair inspired God to make the breeze  
Thy lips inspired God to make a man  
And from his rib, an angel born as Eve  
Formed into flesh and promised him her hand  
Falling down, we falling down, we falling down  
Falling down, we falling down, we falling down

(He falling down, he's so beautiful, he'll fall)  
He doesn't know where he is, he's so confused  
He won't wake up (why not?) He can't remember  
Damn I forgot (she killed him)  
He doesn't remember (he died before)  
So where is she? (He doesn't remember)  
(Can you hear me?) Yeah, I can  
I've been sleeping (Come back to us)  
(Where is he?) Right here (Syre, she loved you)  
(Give us the album) Your wake up call's coming
