

Everything

Jaden Smith

[illegible]

Biking down the street
Cars in front of me
All I want to see is you bikini dreams
Mushroom leather seats
A part of my energy
I pray for my enemies
Fly high as my fantasies
Roll up the medicine
We both exhale in the breeze
I let you top of the crib
Watch the sunset on the beach
Your kaleidoscope eyes so pretty, baby
Fuck 'em

[illegible]

Weed wack go home
Just land from snow (it's cold)
Bling bling rose gold (gold)
Wavey Baby you should know (know)
What we gonna do tomorrow
Need to see you when in a bra
Different colors switch cars
They still pissed off
Hit your porch with a dozen roses
And a couple quarts of crystals
This ain't no sentimental bop
Put a walk on the rocks
And a watch with the rocks
Thick wad for the knots
Girl I'm waiting on your call
I hope I see you tomorrow

[illegible]

Pink hot springs, starry night
Baby you got that vibe
To get a joka back by 5
Is that an Oak tree or rainbow?
Real voice sound like Beethoven
Had to facetime
I got like 5 6 cars you pissed off
I was dumb young
When I saw love I'll run from it
I was throwin up cause I couldn't stomach it
All the big blunts and bigger picture
Now I'm cryin to your sister
Girl you're such a swift hitter
Champagne in the sippy cup
I was turned down but I was dripped up
With a tie-dye with a fitted as fuck
Probably see me in a cyber truck
With a pilly tuck and a Virgil duffle
In a plastic Imma tear it out
Back then I was scared as hell
But a young nigga growing up
If they talkin now we gonna air it out

You're my everything
You're my everything
You're my everything
You're my everything
You're my everything
You're my everything
You're my everything
You're my everything
