Jaden Smith

I am the last one intelligence  
The swag comes with elegance  
That was blessed upon you,  
But that's what just you learn from these jets and fondu  
I'll handle the bill, but the rest is on you  
Jaden is true, yes I'm on to the nextsest  
MSFTS were so reckless  
I'm on the stage careless what the set  
Is because you didn't put me on it  
And Imma diss you if you try to put me on it  
Said I used to be sweet, put a cookie on it  
Jaden stop playin' games I'm just playin' hookie honest  
But I just wanna be snug tight with the girl of my dreams to continue this l  
ove life  
Cuz' it took alot of pain to get here  
And it's gonna be gone by this time next year  
And Notre Dame is a good school  
But I don't got now problem, cuz Imma be on tour with my pillow straight sob  
bing,  
Cuz I used to be the bat and you used to be my robin, but a girl version  
And my world is turning upside down  
Everybody shut up right now  
Somebody pull me up right now  
Cuz' I'm swimming in my souls, and I just might drown girl  
And my past is graphic  
You make my heart sore, like some lictid acid  
All my friends told me I'm the best, and don't believe em'  
But I'm going to the top, and you know that I will never leave em'  
That's the crew there  
And Imma talk about Root Beer in my songs if I want to  
Cuz' we're at the top  
Marley are you here  
No,cuz' we don't want you here  
Chillin' with your friends, I haven't seen you in 2 years  
Have fun with Kennedy  
When you kick it before she goes away, and doesn't ask me to vist  
Have a problem though, What is it  
Girl I'm not gon' see you, buts it's really not gon' be different  
From the past  
Year Everyone says I'm changing  
Gone to my head,  
Haven't even been famous  
Karate Kid is behind us, diamonds on my neck is simply a reminder of  
All the shots and all the set ups  
All the tears I cried just so I can get my leg up  
Then I came and the joker go his bread up  
and walk around time young man with his head up  
Had to make it rain and the storm didn't let up  
Till my movies went out of the theaters,  
And all y'all just forget us  
Now Willow is the star  
Man, How weak is that  
Pink Hair, High Socks Can't Compete With That

I'm Gonzo [4x]  
I do what I want  
when I wanna do it

Rock, Paper, Scissors  
Now I cut through it  
I'm Gonzo [4x]  
I do what I want  
when I wanna do it  
You stop me now  
I run through it

Uh, Pulling off for throtho  
All my other haters  
I'll stuff you down in a bottle  
I'm Maybach, You jokers rockin' tiho  
Your girl fine  
My girl look like she a model  
Uh, More artistic than Picasso  
Messin' jokers up  
I'm looking like "Que Paso"  
My flow is tight, your flow is just not so  
Sorry if I'm coming off a bit hostel
