Everybody worried 'bout the hype  
They just do not worry 'bout they life  
Well ERYs gonna tell 'em that it's-  
Tough luck nigga, that sucks

We gon' have the-  
Switch the channel, Turks and Caicos, wearin' sandals every day  
Got a halo with the flannel, switchin' tunnels every day

When I'm twenty-one I'm buying solar panels every day  
I'm on a panel on every day  
I work the manual every day  
I'm cotton candy with the waves  
Swear your minds was a waste  
Swear I gotta get my rubber bands out of states  
Tax way too high for Joker anyway

I think I just woke up with a wave (With a wave)  
I'm Marie Antionette with the cake, my love

And please don't go to sleep  
They might get you, get you
