PCH

Jaden Smith

Man, I'm PCH cruising
My girl she snoozing
She was all night boozing
No love, here to be losing
I don't care who's in
The car cause really
Really we just PCH cruising
My girl snoozing
She was all night boozing
No love, here to be losing
I don't care who's in
The car cause really
Really we just PCH cruising

We just PCH, PCH, PCH, PCH driving
We're the crazy kids, rebel kids,
saddened kids, wild kids, lonely kids

Gimmie all your kisses baby
Cause this is bliss
Gimmie all your kisses baby

Man, I'm PCH cruising

She was all night boozing

You can come and cry if you come through
You can hug the sky if you want to
You can come and cry if you come through
You can hug the sky if you want to
Cause you're beautiful, beautiful, beautiful, beautiful
And the moon is full, moon is full, moon is full, moon is full

We just PCH, PCH, PCH, PCH driving
We're the crazy kids, rebel kids, saddened kids, wild kids, lonely kids

Gimmie all your kisses baby
Cause this is bliss
Gimmie all your kisses baby

Baby you can be my catfish
I never see you I just text you on the phone
And you look just like that actress
What's the name?
I'm afraid that if I see I'm freakin' suffocate
Or do a backflip
Yeah, I'm knocking at your door
But I died so they put me in a casket
People say Jay your just over-reacting
But your like the girl that I never had
You're my catfish
