

# Yeah Yeah

Jaden Smith

Come get a little bit closer  
Oh mami, yeah, yeah, yeah  
She said "Will you be my soldier?"  
Oh mami, yeah, yeah, yeah  
She want to wine and dine, my sofa  
Oh mami, yeah, yeah, yeah  
Back it up on me like I told you  
Oh mami, yeah, yeah, yeah

'Cause tonight  
Tonight, tonight, you're my everything  
And I will put that on everything  
Your eyes, your hips, your everything  
Could probably get me to do anything

She like the rough, wild city (yikes)  
She roll a... get busy (go crazy)  
Girl, that was one too many  
If I take one shot, I get dizzy (go, damn)  
We need to take some precautions  
'Fore we wake up in the garden  
Realize we're stupid exhausted  
Uber home, I was car sick  
Fuck them fuck boys, they gon' talk shit (yeah, yeah, yeah)  
We was in the sky last night, had shit poppin', girl  
Going super slow is where you need to take it (oh)  
You know you're gonna wake up faded, girl  
All these thoughts 'bout you being naked, girl  
This is no relationship, we're just relating, girl

Tonight, tonight, you're my everything  
And I will put that on everything  
Your eyes, your hips, your everything  
Could probably get me to do anything

She want to reach for the bands (yeah, pick it up)  
They do not know how to dance (yeah, pick it up)  
Told my lawyer I'm in France (yeah, don't pick it up)  
I never give her a chance
