

## Dead, Again

Jadu Heart

I wanna fight and then make up  
I wanna breathe and play too rough  
Is that alright with you, my friend  
Am I alive or dead again?

Dead, again

I wanna float through the clouds  
I wanna see behind it all  
Hey there, go ahead  
We good, my friend?  
I wanna feel dead again

Dead, again  
Dead, again  
Dead, again

Nothing in your mind can take your feeling, feeling  
I can't take it  
I don't need anybody else but I want feeling  
Feeling emotion, feeling inside

I'm nothing in the brain  
I'm pushing through the pain  
It's never gonna change  
I can't be dead again

Dead, again  
Dead, again  
Dead, again
