

Memory Rock

Jadu Heart

I am dreaming, talking
Every shot I'm taking I'm awake
Baby, I'm lost in here
I could be your only friend
Feeling forever alone
Heart beating, I can hear it from within, I'm O.K
Baby I'm lost in here
I could be your only friend, yeah

I get lost in here
I get lost in here
Smile with crystal you can know it
Whereas, I could be your only friend
Over, over all across the way
You know that you know
I could be the one to take you home
Yeah, I could be your only friend
Baby, I can sense you want to play

I am dreaming, talking
Every shot I'm taking I'm awake
Baby, I'm lost in here
I could be your only friend
Feeling forever alone
Heart beating, I can hear it from within, I'm O.K
Baby I'm lost in here
I could be your only friend, yeah
