

Ocra

Jadu Heart

It will be covered in gold
Yeah baby, it's gold
It will be covered in gold
Yeah baby, it's gold
'Cause my heart is open
But my heart doesn't know how it feels
Yeah my heart isn't soft anymore
Now it knows how you feel

You know I wanna feel lost again
You know I wanna feel lost again
You know I wanna feel lost again
You know I wanna feel lost again

Yeah, something in the dream is calling me
Baby you know we found this world together
Yeah, yeah
You know there's something in my dreams that's telling me
Baby you know we'll fly away to never
Yeah, yeah
Feeling low

You know I wanna feel lost again
You know I wanna feel lost again
You know I wanna feel lost again
You know I wanna feel lost again

Yeah, something in my dreams is telling me
Baby you know we'll fly away to never
Yeah, yeah
Feeling low
