

U Never Call Me

Jadu Heart

I remember how my dark and heavy heart was sinking
By the rest of the gold
Then I felt the way that life up from your eyes was so so real
By the river, you know
But the river keeps turning
Oh you don't talk to me
No reason no warning
Oh your words weren't deep
Yeah I feel like a fool, I'm yours to keep
Don't you think I need the truth?

Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)

I remember how my dark and heavy heart was drifting
How you pull mine left out
I can promise baby I can fall in deep for way too long
Yeah you left me to drown and
The river keeps turning
Yeah you won't talk to me
No reason no warning
Oh your words weren't deep
Yeah I feel like a fool, I'm yours to keep
Don't you think I need the truth?

Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright

Tell me
You can tell me
You can tell
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)
Tell me why you ain't been callin'
Tell me why you waste my time
Tell me why you won't just tell me it's alright (stop the show)
