

Walk The Line

Jadu Heart

Yeah I heard you were a live one
Dreaming all the time
And they told me you were driving
Out the corners of your mind
And I watched from a distance
As you crossed the borderline
But I knew that I could find you
Who else would find the time?

And oooh when I met you
Yeah you were so unkind
And oooh now I've met you
I try to walk the line

I heard your friend call me a pig
Yeah I tried to leave it there
And no I didn't give a shit
Until I saw your curly hair
And now I try to change my ways
I try to settle fucking down
I walk the line on where we kissed
And all I wanna do is frown

And oooh when I met you
Yeah you were so unkind
And oooh now I've met you
I try to walk the line
