

Whitefang

Jadu Heart

You see the sand, the storm
You stand there by your faith and end it all
You feel the love unfold
You wait there by your hands and take the fall

Yeah I see your weak cold hands
Wrapped around your waist, Whitefang
Following the shadows under
Following them down

Feel emotion, darlin' I ask you
Feel the love, Gina I ask you
Feel emotion, darlin' I ask you
Feel the love, Gina I ask you

Yeah I see your weak cold hands
Wrapped around your waist, Whitefang
Following the shadows under
Following them down

Feel emotion, darlin' I ask you
Feel the love, Gina I ask you
Feel emotion, darlin' I ask you
Feel the love, Gina I ask you
