Seven figures

I started out with a wish
Turned some work into a whip
Young nigga big money no money clip
And now you can't tell me shit
Riding dirty in a clean Bimmer
Fuck sleep 'cause I ain't a dreamer
I put mortgage on a nigga head
Tell his daughter, "Daddy say the wrong thing, he dead"

Where I'm from we trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures
Fuck that small money I need seven figures

Where I'm from we trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures
Fuck that small money I need seven figures

She got a ass that look unreal
That's probably 'cause it ain't real
She got a man but he broke though
He got work but no flow though
My youngin' hit the trap and do a great job
Lil nigga got it jumpin' like Nate Rob
Million dollar mentality
I pray my daughter follow after me

'Cause where I'm from we trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures
Fuck that small money I need seven figures
Nigga, we trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures
Fuck that small money I need seven figures

Niggas hating but I ain't worried though
I'm getting money, fuck I need to worry fo'?
Like Styles I'm a gangsta and a gentleman
No time for back and forth, this ain't Wimbledon
Seven figures, I need them seven figures
Tony Montana [?], me and seven bitches
Seven figures, I'm out here trying to get it
Hustler spirit trying to flip it, nigga

'Cause I'm trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures
Fuck that small money I need seven figures
Nigga, I'm trying to get them seven figures
Snitches pressing charges, killas pulling triggers
I'm trying to get them seven figures

Fuck that small money I need seven figures
