

2019

Jae Stephens

I guess the bottle we were sippin' was too strong  
I guess the party maybe went a little long  
And this is why I usually stay home alone  
But honestly, I always felt it comin' on

I saw the juice comin' out like drip drop  
Now your time is up like tick tock  
Crossing out your name, X marks the spot  
Cause all my girls decided we're better off

Don't act like you know, you don't  
You don't really know-know-know a thing 'bout me  
Now you want a show? Come on  
Strollin' through the door, late to your own party  
You were never in the right  
My ladies helped me see the light  
Now I'm on my own side  
And you can't ride the wave this time

Nice try  
But I'm  
Cutting off your strings  
It really ain't a thing  
Don't lie  
It's time  
I do this for me  
And that's the mood for all 2019

I don't remember what it was I used to like  
I just remember spending one too many nights  
Tossin', turnin', always putting up a fight  
I always knew that you would never do me right

'Cause you were never on a level with me, see  
I was so insane not to leave, leave  
Blowin' up my phone, I let it ring, ring  
This may be the year they see the real me

Don't act like you know, you don't  
You don't really know-know-know a thing 'bout me  
Now you want a show? Come on  
Strollin' through the door, late to your own party  
You were never in the right  
My ladies helped me see the light  
Now I'm on my own side  
And you can't ride the wave this time

Nice try  
But I'm  
Cutting off your strings  
It really ain't a thing  
Don't lie  
It's time  
I do this for me  
And that's the mood for all 2019

(Yeah, yeah, yeah, yeah, yeah)

I'm givin' it up, throwin' it up, throwin' it back  
Takin' my time, takin' what's mine, takin' all that, yeah  
I'm livin' good, you wish you could, but you can't yet  
Pay your respects, cut me a check

Nice try  
But I'm  
Cutting off your strings  
It really ain't a thing  
Don't lie  
It's time  
I do this for me  
And that's the mood for all 2019
