

Already On It

Jae Stephens

Hmm-hmm, hmm-hmm, hmm-hmm
Hmm

I've been feelin' it lately
You read my mind, it's amazing
I know you want the same thing
I do, that I do
Just one text got you racing
In a sixty-five goin' eighty
I'm done letting you chase me
Come through, yeah, come through

When you gon' do what you say you'd do?
Temperature risin' up through the roof
Sittin' at home, tryna play it cool
Gave you the green light, make a move
If you got something you wanna say
Say it when you get here, you know the way
Told you once and it hasn't changed
I know you know how I feel

Already on it, already on it
Soon as the phone ring
Come in a moment
How do you want it?
How do you need it?
Long as you want me
Already on it
Oh yeah, yeah, yeah

You don't need to call me
'Cause I'm already, already, already on it
You don't need to call me
'Cause I'm already, already, already on it
I know that you want me
And you already, already, already got it
So you don't need to call me
'Cause I'm already, already, already on it

I've been feelin' it lately
Ooh, your energy crazy
Tired of bein' patient
Yes I've been, I've been
Soon as you arrive here
Grab on me from the back and
From the front 'til I'm screamin'
Your name, your name

When you gon' do what you say you'll do?
Temperature risin' through the roof
Sittin' at home, ready for your cue
You don't gotta tell me, you have to do
If you got somethin' that you wanna say
You can let me know anytime of day
Twenty-four hours, yeah
Over and over again

Already on it, already on it (Already, yeah, yeah, yeah, yeah)
Soon as the phone ring
Come in a moment
How do you want it?
How do you need it?
Long as you want me (Ooh, ooh)
Already on it
Oh yeah, yeah, yeah

You don't need to call me
'Cause I'm already, already, already on it
You don't need to call me
'Cause I'm already, already, already on it
I know that you want me
And you already, already, already got it
So you don't need to call me
'Cause I'm already, already, already on it

I'm already on it
Let me talk my shit
You know I back it up
You've been patient
Oh, love, love, love, love
Already my [?]
I'd do anything [?]
You're the only one
Already, already, already on it
Already, already, already on it, yeah
