

Choosy

Jae Stephens

I'm too good at letting go
I don't think I'm the problem though
Blocked his calls after one fight
And I slept really good that night
Was it extra? Maybe
It was necessary
If I go cold, A/C
It's the way they made me

Don't get emotional
Why these boys so sensitive lately?
Talk but they never show
All these clowns still can't entertain me
It's non-refundable
And if any of my seconds are wasted
I'ma take it right out ya paycheck
Moved on quick, now Jae got 'em jaded

I'm too pick and choosy
They're losers, that's where they lose me
And my standards on Mount Fuji
You fool me once, ain't no two, three, sue me
I'm too pick and choosy
And bougie, well, absolutely
Gotta woo me, don't assume I got time
Don't assume 'cause I

Ten toes down
He didn't believe me, so I showed him what I'm 'bout
Fuck a bigger picture, I'ma just crop him out
I'm the bigger person 'cause I coulda cussed him out
I would rather be left alone
I don't need a reason, it's irrational
When it comes to leaving, I'm a natural
I'm not getting even, I'ma get up and go, and go, and go

Don't get emotional
Why these boys so sensitive lately?
Talk but they never show
All these clowns still can't entertain me
It's non-refundable
And if any of my seconds are wasted
I'ma take it right out ya paycheck
Moved on quick, now Jae got 'em jaded

I'm too pick and choosy
They're losers, that's where they lose me
And my standards on Mount Fuji
You fool me once, ain't no two, three, sue me
I'm too pick and choosy
And bougie, well, absolutely
Gotta woo me, don't assume I got time
Don't assume 'cause I

I give up on love too fast
So my therapist says
But I don't really care that bad

'Cause if that boy was my husband
Then he wouldn't do that
So he ain't worth the second chance

I'm too pick and choosy
Please don't think I'm the easy type
I'm too pick and choosy
I'm gonna pick me every time
I'm too pick and choosy
I ain't a ride or die type chick
I'm too pick and choosy
Nah, nah, I can't die 'bout dick

I'm too pick and choosy
They're losers, that's where they lose me
And my standards on Mount Fuji
You fool me once, ain't no two, three, sue me
I'm too pick and choosy
And bougie, well, absolutely
Gotta woo me, don't assume I got time
Don't assume 'cause I

I said I'm not, not ride or die
Yeah, yeah
