

# Emergency

Jae Stephens

Does it slip into your bloodstream?  
Tried to kick it with some codeine, I swear  
Have you sweatin' like a bad dream  
Does it ever leave you gasping for air?

Runnin', runnin' out, runnin' low  
Got me runnin' right around, rodeo, yippee-ki-yay  
It's alright, babe, I know  
I know, I know you know, I know you know

I think I need  
Your heat on me  
90 degrees  
Emergency  
I need your heat  
Emergency

I could go out and clear my mind  
But I doubt I would ever find the thing  
To send chills runnin' down my spine  
Like when you do the thing I like, I really am

Runnin', runnin' out, runnin' low  
Got me runnin' right around, rodeo, yippee-ki-yay  
It's alright, babe, I know  
I know, I know you know, I know you know

I think I need  
Your heat on me  
90 degrees  
Emergency  
I need your heat  
Emergency

Tell me that it doesn't get to you  
The way that it gets to me  
When I can't have you in my arms  
Yeah, yeah  
Tell me that it doesn't affect you  
The way that it affects me  
When I just can't get what I want  
Yeah, yeah, yeah, yeah, yeah

I think I need  
Your heat on me  
90 degrees  
Emergency  
I need your heat
