

# Freakie

Jae Stephens

Pick the one you want, I got layers  
Help me take 'em off, just like Vegas  
Mrs. Do-it-all, an entertainer  
But you would never know from my good behavior

It may take you more than just tonight  
To get to know what's underneath the ice  
Said you want a main with different sides  
You love 'em all, you can't make up your mind

I can be the one, take me home to mom  
I can be your fun, 1-800 call  
I can be ya little baby, I can give ya grown  
I may be an angel, baby, but don't you get it wrong

I can be a freak-freaky, freaky, freaky, freaky, freaky  
I can be a freak-freaky, tell me what you want  
I can be a freak-freaky, freaky, freaky, freaky, freaky  
I can be a freak-freaky, tell me what you want

Good girls always get a pass  
Bad girls never finish last  
Corvette, get you there fast  
But a long walk keeps 'em coming back

It may take you more than just tonight  
But once you get it, you'll want it for life  
Said you want a main with different sides  
You just gotta decide

I can be the one, take me home to mom  
I can be your fun, 1-800 call  
I can be ya little baby, I can give ya grown  
I may be an angel, babe, but don't you get it wrong

I can be a freak-freaky, freaky, freaky, freaky, freaky  
I can be a freak-freaky, tell me what you want  
I can be a freak-freaky, freaky, freaky, freaky, freaky  
I can be a freak-freaky, tell me what you want

Tell me what you want, I can give you that and more  
I do all my stunts, just pull up and I perform  
Crazy, sexy, cool, if that's what'll turn you on  
Tell me if you want, freaky, freaky, freaky, freaky  
Tell me what you want, I can give you that and more  
I do all my stunts, just pull up and I perform  
Crazy, sexy, cool, if that's what'll turn you on  
Tell me if you want, freaky, freaky, freaky, freaky

I can be the one, take me home to mom  
I can be your fun, 1-800 call  
I can be ya little baby, I can give ya grown  
I may be an angel babe, but don't you get it wrong

I can be a freak-freaky, freaky, freaky, freaky, freaky  
I can be a freak-freaky, tell me what you want  
I can be a freak-freaky, freaky, freaky, freaky, freaky

I can be a freak-freaky, tell me what you want
