

Give It To

Jae Stephens

Mm-mm

It's sittin right, yeah, it's lookin' so mean
It's gettin tight, yeah, we all know what I mean
The sweetest sight anyone had ever seen
They all linin' up for a piece

But you the one I give it to
Top down with your feet up
Top off when I clean up
I give it to only you
Slow down, baby, speed up
Low down, can you keep up?
When I give it to you, mm-mm
And you ain't had nobody like me
No one else will get to see, yeah
Way more than a one night
You the only one I will-

Hold up, wait, you don't even gotta ask twice
But I make you 'cause I love what it sounds like
Eyes hungry like they lookin' at the last slice
Pretending they was with me last night

But you the one I give it to
Top down with your feet up
Top off when I clean up
I give it to only you
Slow down, baby, speed up
Low down, can you keep up?
When I give it to you, mm-mm
And you ain't had nobody like me
No one else will get to see, yeah
It's way more than a one night
You the only one I will-

Ever, ever, ever, ever give it to
Unless you fuck with me
'Cause I can switch on you
But when you touch on me, I just feel like kissin' you
I ain't even said a thing, but it's talking back to you, ooh
You should feel proud (Feel proud)
You're the only one holdin' this down (Holdin' this down)
You're the only one wearin' it out
Ooh, they all wishin' they was you right now

'Cause you the one I give it to (I give it to), mm-mm
Top down with your feet up
Top off when I clean up
I give it to only you
Slow down, baby, speed up
Low down, can you keep up?
When I give it to you, ooh
And you ain't had nobody like me
No one else will get to see, yeah
Way more than a one night
