

PDA

Jae Stephens

Does anybody in here have a problem with us acting up?
Ain't you ever seen a baddie and her baby bad in love?
If they wanna, they can look away
If they had it they would do the same
Fuck whoever's in the room, me and you, we're the only ones

I said P stands for the p-p-party
Let me set the scene, VIP, 1:30
D, stands for the - don't test me
I could take it there, take it off, if you let me
A, he already ate
But he want a taste, written on his face
Well okay, baby, okay
That's alright with me

Cause I ain't never been shy
And I ain't never been slow
And boy, I know what I like
And I do what I want
Yea, we got the whole night
But I want it right now
Are you gonna meet me there?
We could do it, anywhere
That you wanna

I like putting my hands in places
And I can't wait long cuz I'm too impatient
Back of the Uber making screwed up faces
Tell the driver pull over at the gas station
Baby, pull up, pull up
Real red light like we out in Europe
24/7, you on my medulla
If they ain't know, well, let's get em clued up

Show em how we do us, like
P stands for the p-p-party
Let me set the scene, VIP, 1:30
D, stands for the - don't test me

And boy, I know what I like
And I do what I want
Yea, we got the whole night
But I want it right now
Are you gonna meet me there?
We could do it, anywhere
That you wanna

Me and my boyfriend know how to have some fun
Don't care who's watching, I'm not the only one
Me and my boyfriend know how to have some fun

Are you gonna meet me there?
We could do it, anywhere
That you wanna

If you wanna try, then hit my line and say yea
If you wanna go, just let me know, boy say yea
If you want it nasty, you don't gotta ask me, say yea
If you really wanna love my way, we could do a little bit of PDA

Cause I ain't never been shy
And I ain't never been slow
And boy, I know what I like
And I do what I want
Yea, we got the whole night
But I want it right now
Are you gonna meet me there?
