

# WET

Jae Stephens

Sick of my sadness  
End of an era  
I got new habits  
Here's an example  
I'm hard to embarrass  
Let's cause a scandal on the floor

And I won't regret nothing tomorrow  
Sip sip aficionado  
Swimming in Reposado  
Lick it like it's drip dripping down  
Don't get shy on me now (cuz)

I came here to move  
I didn't come to hold the wall  
I like it how I like it  
And I like it kinda raw  
Slip and slide  
Come closer, I don't mind  
If we get a little (wet)  
We can get a little (wet)  
I came here to move  
I came here to do the most  
I want it how I want it  
And I want it super soaked  
Slip and slide  
Come closer, I don't mind  
If we get a little (wet)  
We can get a little (wet)

Wet t-shirt contest, I win  
Went through hell and back again  
Ended up in soho, and now I don't know where my wallet is  
But I don't give a fuck cuz he's sticking to me, it's like we sharing skin  
Getting hot in here, and I'm finna take it all off like Nelly did

And I won't regret nothing tomorrow  
Sip sip aficionado  
Swimming in Reposado

Lick it like it's drip dripping down  
Don't go dry on me now

I came here to move  
I didn't come to hold the wall  
I like it how I like it  
And I like it kinda raw  
Slip and slide  
Come closer, I don't mind  
If we get a little (wet)  
We can get a little (wet)  
I came here to move  
I came here to do the most  
I want it how I want it  
And I want it super soaked  
Slip and slide  
Come closer, I don't mind

If we get a little (wet)  
We can get a little (wet)

Baby let me pour you something stronger than the shit you got at home  
I'll make it a double if you promise not to make me dance alone

I came here to move  
I didn't come to hold the wall  
I like it how I like it  
And I like it kinda raw  
Slip and slide  
Come closer, I don't mind  
If we get a little (wet)  
We can get a little (wet)  
I came here to move  
I came here to do the most  
I want it how I want it  
And I want it super soaked  
Slip and slide  
Come closer, I don't mind  
If we get a little (wet)  
We can get a little (wet)
