

# Metal Melts The Ice

Jag Panzer

Yea, I'm out to get you  
Get inside your brain  
Gonna unleash my lust  
Try to drive you insane  
Can you feel my power?  
Pulsing in your head  
I'm a vicious tiger  
Roaming across the land

You know it's over  
When the Metal Melts the Ice  
You know it's over  
When the Metal Melts the Ice

It's coming down  
Like a hammer of steel  
It's gonna cross the ice  
Of the frozen heart I feel  
I'm gonna use my stare  
To conjure up the flames  
My main desire  
Has lost control again

You know it's over  
When the Metal Melts the Ice  
You know it's over  
When the Metal Melts the Ice

You know it's over  
When the Metal Melts the Ice  
You know it's over  
When the Metal Melts the Ice

Can you feel me writhing  
In pleasure and desire?  
I'm boiling over  
I'm breathing fire  
So don't mess around with the tiger  
Cos I'll bite  
I love the scent of blood  
On a sharpened spike

You know it's over  
When the Metal Melts the Ice  
You know it's over  
When the Metal Melts the Ice

You know it's over  
When the Metal Melts the Ice  
You know it's over  
When the Metal Melts the Ice
