Jagged Edge

Uno, get down, dos, get down  
Uno, get down, dos, get down  
Uno, get down, dos, get down  
Uno, get down, uno, dos, tres

College park (stay with us),  
East Point, Decatur, Downtown Atlanta

Roll up at the spot, I seen her had to meet her  
I was at the bar, sippin' and I'm leanin'  
I just, had to get attention, but didn't wanna mention  
How, she just wasn't lookin'  
And this ain't what I'm feelin'  
Now, movin' on, to bout to have you later  
And now, she's my girl, I knew that I wasn't playin' and its  
Better than my friendship, it's kinda like my pension cause I'm savin' all  
my funds up  
And I'm gonna spend it long long long

She keeps me spinnin' like the blades on my rims and  
She keeps me winning so I can't trade her in and  
She keeps me bumpin' up and down like a six four  
She keeps my engine runnin' hot like a car show

She's my movie star and I'm her director  
Sweat, in the car, driving as fast as we can go  
She's gonna be all on me, kissin' me touching me  
I don't wanna stop right now, she doesn't wanna stop neither  
She's a sexy girl, shaped like a coke bottle  
Or a fancy car the prototype model  
She's got curves in all around spots, keep my engine runnin' hot  
I don't wanna slow it down, I'm gonna let her go

Now get my damn trophy  
The way she's movin' like chest and checker  
Black white any color gotta respect her  
Double decker flat yea body gotta protect her  
Together weather the storm to things get better, never  
Fall to the waist, I grace, I cry  
Lifeless, lemme add some color to that shine  
I like this, bittin', fuckin', all of this for nothing  
Should've gotten an old shit or somethin'  
Some old fools bubblin' and that's what we becomin'  
See, you used to be comin', when the engine was runnin'  
Now ? and you ain't that woman  
Mmm, damn, I hate that frontin'  
I hate just bumpin' in just case you was wondering  
Most wantin' a million and how you wantin' a hundred  
I done done it, I done done it, I done done it, ho, I done done it

Up and down like a six four, party bumpin' hot dro  
Droppin' tops and way more, hot like car show  
Y'all know how we do, keep it true no see through  
Now I gotta roll it and and we bout to roll (out out out)

She keeps me spinnin' like them blades on my rims man  
She keeps me winning so I can't trade her in man

She keeps it bumpin' up and down like a six four  
She keeps my engine runnin' hot like a car show

Ride ride ride  
Feel so good
