

Girl, let's be exclu-oooh-oooh-oooh-sive  
Let's be exclu-oooh-oooh-oooh-sive  
We've been down like four flats since  
And I still remember that first kiss  
So let's be exclu-oooh-oooh-oooh-oooh-sive

Girl, you got that g-g-good good  
And I'm just tryin' to love you like I should  
This can't be just physical or casual  
And baby, that's actual and factual  
TLC, and I've been doin' everything I can to make you weak, SWV (SWV)  
'Cause girl you got the g-g-good good  
And I'm just tryin' to love you like a real one would  
I don't wanna mess this up like my past  
'Cause I know you see right through me like some glass  
Found the one, just go 'head and put it out  
So everyone around, they won't have no doubt, oh

Girl, let's be exclu-oooh-oooh-oooh-sive  
(Let's be exclusive)  
Let's be exclu-oooh-oooh-oooh-sive (Ayy ayy ayy, yeah)  
We've been down like four flats since  
And I still remember that first kiss  
So let's be exclu-oooh-oooh-oooh-oooh-sive

'Cause you just like the homie  
It be and you alone  
We done had a hundred drunk nights all over town  
And I ain't seeing nobody else, and I don't wanna  
My comfort zone's where you are  
You're my life  
And I'm just tryin' to love you like a real one would  
(I'm just tryin' to love)  
I don't wanna mess this up like my past (No, oh oh)  
'Cause I know you see right through me like some glass (Oh oh oh)  
Found the one, just go 'head and put it out  
Tell everyone around, baby, yeah

Girl, let's be exclu-oooh-oooh-oooh-sive  
(Baby, let's be exclusive, yeah)  
Let's be exclu-oooh-oooh-oooh-sive  
(Baby, you're driving me crazy, ooh oh)  
We've been down like four flats since  
And I still remember that first kiss  
So let's be exclu-oooh-oooh-oooh-oooh-sive
