

If one more niggga bout me
Swear Imm make em feeling
The shownty spill one more drink
Might just get up and lose it
This suppose to be fun, try to get closer to her
Look how quick you filled up
Think theres too many niggas in my section tonight
I wanna ? so tight , right
But I may never get this chance again
Baby, maybe we should get familiar
Maybe we should go somewhere, going rock to hear ya
Baby not try to hurt girl I try to feel you
Maybe we should go and go familiar
Come and stay some for a few
Cuz you a few that we gonna do, get that right and do
Showty sure this is way you wanna met
This place it ain't my style
Can't even feel myself fake
How am I suppose to get to know you better?
If theres too many niggas in my section tonight
I need her so bad but try to make it right
But I may never get this chance again
Maybe, maybe we should go more familiar

Maybe we should go somewhere to rock
Baby not try to hurt girl I try to feel you
Maybe we should go and get familiar
Come and stay some for a few
Cuz you a few that we gonna do
Baby run up more closer
Im not letting you go
Girl I kinda get them most of
You know when Im letting you know
Mean while Im not letting you go
Just wanna get you alone in a quiet room
Baby lets doin it more familiar
Maybe, maybe we should go more familiar
Maybe we should go somewhere to rock to hear you
Baby not try to hurt girl I try to feel you
Maybe we should go and get familiar
Come and stay some for a few
Cuz you a few that we gonna do
Maybe we should go more familiar
Maybe we should go somewhere to rock to hear you
Baby not try to hurt girl I try to feel you
Maybe we should go and get familiar
