

Ghetto Guitar

Jagged Edge

Oh, oh, oh
Got a few cars in my garage
Still I like to ride them old school
How them gangstas do
Yeah, yeah
And I keep away pimping on 2's and 4's
Riding through the hood showing love to my folks
Know how that go
Yes you do
So I seen her at the bus stop eying me
Hot as hell but fly as can be
Yes she was
Yes she was
And finally ended up taking a ride wit me
Whipping that side
That's the gator
And you know
And you know

Ghetto as you are
You're my superstar
Like how you get wild
Like the pokahome
On the hood of my car
Ghetto as you are
Ghetto as you are
Let me lay you back
Listen to this hood guitar

Now I roll these deuces and serve these streets
It ain't my fault I came up with G's
Know what I mean
Can you feel me
Sometimes situations go all wrong
Can't turn my back cause those my dogs
They just ain't cha boy
Those out there who ain't feeling me
I gotta explain myself
I gotta girl that understands me
And we don't need no help
No, no, no as hood as you are
Don't change a thing
We can it tune it like guitar strings

Ghetto as you are
You're my superstar
Like how you get wild
Like the pokahome
On the hood of my car
Ghetto as you are
Ghetto as you are
Let me lay you back
Listen to this hood guitar

Don't change a thing I like you just the way you are
Baby you're a star
Ghetto as you are

Don't change a thing I like you just the way you are
Baby you're a star
Ghetto as you are

Sometimes you be kinda hard
Like you're tryin'a be my bodyguard
On the boulevard
Still its like I said before, baby
Hood as you are don't change a thing
We can tune it like guitar strings,
Baby it don't even matter babe

Ghetto as you are
You're my superstar
Like how you get wild
Like the pokahome
On the hood of my car
Ghetto as you are
Ghetto as you are
Let me lay you back
Listen to this hood guitar

You you you are
You're just like the earth to the moon to the stars
Ain't one bad as you, not as you thus far
Ghetto as you are (cause beautiful as you are)
Wouldn't change a thing (beautiful as you are)
Wouldn't change what you are
Oh, oh
Oh, oh
