

# I'll Do It

Jagged Edge

If you let me, girl, I swear I'll do it for real  
Couple babies, and a dog, a little house on the hill  
Let's cut off all the fakers, girl, I'm really real  
Life is what you make it, I do it for real  
Oh, oh oh, tired of where you stay, I'll switch it up  
I'll do it for, ya, oh oh  
Anything I say, I back it up  
I do it for real

Been livin' on the edge  
And not feelin' like myself  
I know, I know what I can be with you  
And I don't know how to just forget  
But I live my life with plenty of regrets, you know  
If you got a chance, don't let it go

You got a man, but I know you the one  
No one else makin' me feel how you do so I'm under the gun  
So I got a plan, in a couple of months  
If it take that much, then I can assure I'ma be there

Baby girl, I swear, I do it for real (Oh oh)  
Couple babies and a dog, a little house on the hill  
(Babies and a dog, yeah yeah)  
Let's cut off all the fakers, girl, I'm really real (Really real)  
Life is what you make it, I do it for real  
Oh, oh oh, tired of where you stay, I'll switch it up  
I'll do it for, ya, (Oh oh yeah) oh oh (Yeah)  
Anything I say, I back it up (I back it up)  
I do it for real

I spent so many nights  
Thought about it once or twice (Few times at least)  
My head won't let it go, go, go, go  
This will haunt me like a ghost, ghost, ghost, ghost  
She locked up, gotta make a play  
Break her out the spot then we get away  
Girl, I feel like we in love, but we just can't say  
I think that enough is enough, girl, we gotta make a way

You got a man, but I know you the one (I know)  
No one else makin' me feel how you do so I'm under the gun  
So I got a plan, in a couple of months  
If it take that much, anything I said I'll do it  
That's my promise to you  
Baby, I'll do it, I swear  
Anything for love, baby, I'll do it, I swear (I swear)  
Baby, I'll do it, I swear  
Anything for love, baby, I'll do it, I swear  
Baby, I'll do it, I swear (Oh oh)  
Anything for love, baby, I'll do it, I swear (I swear)  
Baby, I'll do it, I swear (I swear)  
Anything for love, baby, I'll do it, I swear (I swear)
