

# Inseparable

Jagged Edge

We caught it, instant like some Ramen, yeah  
We got a lot of things in common, yeah  
Before her, just wasn't shit (Nah)  
'Cause I was pent up, she made me let it go, yeah  
She all I needed now  
Ayy, she my heart beating loud  
My cutie with me, with me, yeah, oh  
Our chemistry, babe, our chemistry, that shit on auto  
We clicked so quick like lightning in a bottle, you know  
I usually don't even follow  
Now she all up in my photos  
Me and her, we like inseparable

Know what you got when got that shit  
Gotta know when you got that good thing (Yeah, yeah, yeah)  
Know what you got when got that  
Better know when you got that good thing  
I usually don't even follow  
Now she all up in my photos  
Me and her, we like inseparable  
Oh-ho (Oh)  
Oh-oh-oh  
Oh-oh-oh (Oh, oh yeah)  
Oh-oh-oh

She came in banging from the door with it  
Really had me changing up my flow with it  
Came here with a whole new energy  
Had me crushing old moves, questioning my energy  
'Cause she's so fine, she main, we made it (Made it)  
And all the other girls, they remain nameless (Nameless)  
And all those secrets, they gon' stay with us  
Really gon' ride with me the way I ride with her  
Then that shit is dangerous (Our chemistry)  
Our chemistry, that shit on auto  
We clicked so quick like lightning in a bottle, you know  
I usually don't even follow  
Now she all up in my photos  
Me and her, we like inseparable

Know what you got when got that shit  
Gotta know when you got that good thing (Yeah, yeah)  
Know what you got when got that  
Better know when you got that good thing  
Know when you got that good thing

When I first saw her, I thought that my DM's just caught a body, though  
Every time that you see 'em, no, that's me, that's just so obvi', though  
Still can't even picture myself being with nobody else  
The DJ know that after the original, it's probably this  
It's probably us  
(I didn't mean to make you pay)  
And don't worry, baby  
I usually don't even follow (Usually don't follow)

Now she all up in my photos  
Me and her, we like inseparable (Oh-ho)  
Me and her, we like inseparable (Oh-oh-oh)  
And I ain't ever letting it go  
(When you see me, you see her) (Oh-oh-oh)  
Me and her, we like inseparable  
(If you see her, then you see me) (Oh-oh-oh)  
Me and her, we like inseparable
