

Karma

Jagged Edge

I should have just kept my word
And I should have brought my ass home at night
Girl, you know you right
And I should have treated you right, not just half the time
I'm out of line, rest do us both good, girl
No, no, no, no, no, no, no
I should have just kept you warm
Should have loved you more
So glad I found you, girl
Woah, woah, woah
Put my love around you, girl
Woah, woah, woah
Oh-woah
Woah, woah
Make your love drip like a fountain, girl
Maybe we should take a minute just to think about what we been doin' in here
I don't think it's really clear
Maybe if you let me just love you and you love me
We'll conquer everything

If it's too little, too late, let me know
If it's too little, too late, let me know (Oh, let me know)
If it's too little, too late, let me know (Ooh)

When she moves on, that's my karma (That's my karma)
You told me once before, don't do formers (Don't do formers)
When she move on, that's my karma (That's my karma)
Told me once before, she done warned ya (Woah, woah, woah)

I should have been a stand-up guy (I should have, I should have)
I should have been home at night (Woah)
Instead of bein' up in these streets like woah (Woah)
Been up to my dirty deeds like so
Movin' like a ho
Should have took the L sometimes (I know I should have)
I should have just let her win
I had to be right
Wrong, so if she leave
Won't be surprised, no (Ooh)
But I hope that ain't the case

If it's too little, too late, let me know (Let me know, let me know)
If it's too little, too late, let me know (Oh)
If it's too little, too late, let me know

When she moves on, that's my karma (That's my karma)
You told me once before, don't do formers (Oh)
When she move on, that's my karma (That's my karma)
Told me once before, she done have warned ya (She done warned ya)

Wantin' the cards or advances, she hit me direct (Hit me direct)
Curious, that's just my mental, so I had to check (So I had to check)
I should have known better to thirst and than fallin' for traps (Fallin' traps)
She ain't no fighter, but she gon' fight for her respect
If she move on, that's my karma (Karma) (Ooh)
Told me once before, don't do formers (Formers) (Ooh)

If she move on, that's my karma (Ooh) (Ooh)
Told me once before, don't do formers
