

# Like Hail

Jagged Edge

Said love's played out  
Say that love's played out, yeah  
Love's played out  
That's why everybody's down now

Money, get money, that's all I been hearin'  
She halfway naked, that's all that's appearin'  
And I ain't the one to complain about things, no  
I worry 'bout self and I'm fightin' my demons

Since when it ain't cool to be in love? (Mmm, yeah)  
And I ain't worried y'all, but she need me  
I'm here for all seasons  
See, love is the meanin'  
And even when it ain't easy, I'm still here for us

When she cries, her tears fall like hail (When she cries, when she cries)  
Oh, oh  
Wanna be her umbrella to guard her from that (Mmm)  
Oh, oh (Oh, yeah, yeah, yeah)  
When she cries, her tears fall like hail (Hail)  
When she cries, her tears fall like—  
Wanna be her umbrella to guard her from that, yeah (That, yeah, yeah)  
(Just tryna be her, just tryna be her protection)  
(Oh-oh)

She helps, oh, she helps, oh, she helps, ain't no problem  
Avoidin' the falls and avoidin' the drama  
I'm right where she need me, no shame in my game  
Don't matter the reason, it's all in the same to me  
'Cause showin' your feelings were part of the game  
If it ain't cool to lie, then I guess I'm a lame

Since when it ain't cool to be in love?  
Oh, I guess that's some new shit  
When my baby need me, I'm droppin' everything  
You know that I'm runnin'  
Know that I'm comin'  
Ask, will I be there, ooh, yeah, ooh, yeah

When she cries, her tears fall like hail (When she cries, her tears fall like hail)  
Oh, oh  
Wanna be her umbrella to guard her from that (You know I'll be there, girl, you know I'll be there)  
Oh, oh  
When she cries, her tears fall like hail (Oh, yeah)  
When she cries, her tears fall like— (Ooh, yeah)  
Wanna be her umbrella to guard her from that, yeah  
(Just tryna be her, just tryna be her protection)  
(Oh-oh)

When she cries, the tears in her eyes  
I'm sorry, girl, I'm sorry, girl  
When you cry, I wanna stop the pain, yeah  
I wanna stop the pain, yeah, yeah, yeah

When she cries, when she cries  
When she cries, her tears fall like hail  
The tears in her eyes, yeah  
Oh, oh  
When she cries, when she cries  
Wanna be her umbrella to guard her from that (Yeah, yeah, yeah)  
Oh, oh  
In her eyes, in her eyes  
When she cries, her tears fall like hail  
When she cries, when she cries  
When she cries, her tears fall like...  
In her eyes  
Wanna be her umbrella to guard her from that, yeah  
(Just tryna be her, just tryna be her protection)  
(Oh-oh)
