

Lipstick

Jagged Edge

This song right here (Damn)
Yeah, Ricky Ross, J.E

She had that lipstick red, high heels on
Turning me on, and everybody in the spot on
Lipstick red, stripper shoes on
Check out this view, jawn
'Cause I can't wait to get you home

She bad, shorty bad like the Michael Jackson song
I think that's her theme song
She wild in the club when it come on
Her body like a stripper
If we out, she gon' keep her clothes on
But later on when we get home
Get her in all of her splendor

Girl, I love it when you got them pumps on
Make me wanna get my bump on, my bump on

She had that lipstick red, high heels on
Turning me on, and everybody in the spot on
Lipstick red, stripper shoes on
Check out this view, jawn
'Cause I can't wait to get you home

She mine, the girl is mine like a Michael Jackson song
I been watching her all night long
Dibs on shawty, yeah, that's that one
So fine, they know
Closet full of labels like Carrie on
Sex in the city but just me, though
So impressed with everything in my view

Girl, I love it when you got them pumps on
Make me wanna get my bump on, get my bump on
I'm so impressed by everything in my view, girl

She had that lipstick red, high heels on
Turning me on, and everybody in the spot on
Lipstick red, stripper shoes on
Check out this view, jawn
'Cause I can't wait to get you home

I'm a big talker, I'm a heel copper
I'm a purse snatcher, Mister Bell Hopper
I'm a big spender, looking at my auto
Streets nicknamed me Mister Wells Fargo
Boss (Boss)... let it echo
I'm your new man, let your ex know
She a hot girl, no petro
I'ma bite that, no egg roll
Much props, she stop with Giuseppes
Now watch while I spark the veggies
No Kevlar but the Teflon Don (Rick Ross)
Baby girl, you should rep Revlon

She had that lipstick red, high heels on
Turning me on, and everybody in the spot on
Lipstick red, stripper shoes on
Check out this view, jaww
'Cause I can't wait to get you home
