

Loser

Jagged Edge

F all them other L's, you don't need nobody else
(Don't need nobody else) Oh, oh, oh
Drop all them other L's, you don't need nobody else
Oh, oh, oh
Don't take another L, you don't need nobody else
(You don't need nobody else) Oh, oh, oh
F all them other L's, you don't need nobody else
Drop all them other L's, you don't need nobody else, no, oh, oh
You don't need nobody else, oh, oh
You don't need nobody else, no

Gotta have you near me
If you not here, it's bad for my health
(That's a fact, baby)
And ghetto girls, you don't need
You don't need nobody, no one else
(I can be anything)
'Cause I be goin' so hard, I could outwork Santa and them little elfs
(And he hit a million houses in one day)
And that's real real, that's how I feel
It's all that matters to me besides myself
(That's real talk)
And it's for the long haul, we ain't finna fall off
Don't worry, babe, we ain't finna fall off
You heard me, we ain't finna fall off
Take no zeroes, them clothes'll come off
Once I get you into my room

F all them other L's, you don't need nobody else
(Don't need nobody else) Oh, oh, oh
Drop all them other L's, you don't need nobody else
Oh, oh, oh (No, oh oh)
Don't take another L, you don't need nobody else
Oh, oh, oh
F all them other L's, you don't need nobody else
Drop all them other L's, you don't need nobody else, no, oh, oh
You don't need nobody else, no
(You don't need nobody, you don't need nobody)
You don't need nobody else, no
(You don't need nobody, you don't need nobody, you don't need nobody)

They said they'd be there, where are they today?
I said I'd be there, I'm right where I say
When it all comes down to it, cancel out the dead weight
We don't need, we don't need nobody, babe
Hand in hand through flames (Through the flames)
We don't need nobody, babe
Yeah yeah

F all them other L's, you don't need nobody else
(You don't need nobody, yeah) Oh, oh, oh
Drop all them other L's, you don't need nobody else
(You don't need no, you don't need no) Oh, oh, oh
Don't take another L, you don't need nobody else
(You don't need) Oh, oh, oh
F all them other L's, you don't need nobody else
Drop all them other L's, you don't need nobody else, no, oh, oh

You don't need nobody else, no
(You don't need nobody, you don't need nobody)
You don't need nobody else, no

I'm a loser
Being with you, girl, I'm all wrong (I'm all wrong)
I'm a loser, loser
Party with you, girl, I'm all wrong (I just can't get right)
I can't stand you with other guys (Ooh ooh)
Ain't nothin' I need to see (No no no no)
And now that you got the right, could stay how I want it to be
I'm lost in your love (I'm just lost in your love)
Ain't losin' your love (Oh oh), oh oh oh
I'm lost without you, need you to lose all
All them other L's
