

Mr. Wrong

Jagged Edge

Loving you girl was wrong
Loving you girl was wrong
Loving you girl was wrong
Label me mr. wrong
Label me mr. wrong
Label me mr. wrong
... just don't come along,
I knew that thing was right,
Take yours and run, uh yeah
Your love... trying to come up and... me
Or...
Once... always to be
And on a while, on a while
I knew it, was real
The way you make me feel, uh

Loving you girl was wrong
Loving you girl was wrong
Loving you girl was wrong
Label me mr. wrong
Label me mr. wrong
Label me mr. wrong
... just don't come along,
I knew that thing was right,

I'm gonna take yours and run, uh yeah
That... just feeling I was wrong

I was just a teenager in love, yes I was
And I feared this will never come along
But now it's here and it won't let me go
The way you making me feel, uh, yeah

Loving you girl was wrong
Loving you girl was wrong
Loving you girl was wrong
If loving you is wrong I don't wanna be right
Ain't letting you go, ain't letting you go
From this day on call me mr. wrong,
Cause I am nowhere, cause I am nowhere
Ain't letting you go, ain't letting you go
No all I'm trying to come up... or... happy all long
... to be, but on a while, on a while, I knew it...
Make me make me feel in love with you girl
Loving you girl, loving you girl
