

My Little Secret

Jagged Edge

See baby you're my little secret, secret, secret
If you don't tell, I won't tell
And that's how we gotta keep it
See baby you're my little secret, secret, secret
If you don't tell, I won't tell
And that's how we gotta keep it

Did anybody see ya?
Comin' to my house last night
When I got your message in my beeper
That you wanna do everything I like, alright

I like being in the same room with you and your girlfriend
The fact that she don't know (she don't know)
That really turns me on, mmmmm
She'll never guess in a million years
That we got this thing going on

You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so, but they don't really know or wanna know
That you're my little secret
And that's how we should keep it
We should never let them know, never let it show
If you know, like I know, we should never let it go

If anybody knew that
It was you and your house that I was creepin' to all the time
We'd probably still do it, heh
Cause I find it hard to keep you off of my mind, baby

I like being in the same room with you and your girlfriend
The fact that she don't know (she don't know)
That really turns me on
She'll never guess in a million years
That we got this thing going on

Everybody cheats, but you gotta know how
You gotta know when, gotta know why
My infatuation with you
Is taking me on an emotional high
I'm caught all up in this love affair, baby
Speculation will bring us stares
All my friends are asking me about it
Still the truth I can't reveal

As long as I'm right here
You ain't never gon' be by yourself
It's the love that we share, it stays on my mind
You're always gon' be a little secret of mine
As long as I'm right here
You ain't never gon' be by yourself
Cause the love that we share, stays on my mind
Always gonna be a little secret of mine
