Women act like G's, niggas act like bitches  
I be on that shit I'm on, worried about my riches  
Women act like G's, niggas act like bitches  
I be on that shit I'm on, worried about my riches

They should put my face on a dollar bill  
'Cause I get my life tryin' to get it how I live  
Do it all for the family, I do it for my family  
All for my families  
Said commitment I respect so I've been on for my family  
No, no, money don't grow on trees, no  
Them babies gotta eat so I'm constantly in beast mode  
No, no, got no time for the prima donnas  
I'm hotter than a sauna  
I'm multiplying them commas

Oh, we stay, ooh, high like rollercoasters  
And you know that we stay fly like our own posters  
(Our own posters, yeah)

Ground so hard in this backyard  
Had to hit my little plug, get that gas card  
Every girl that I know like a different pill  
So I just get 'em all like a one-stop refill  
And I just give her what she wants  
From the back to the front  
And I stand back and look like I did that  
When you live how I live  
And you feel how I feel  
When you leave in the night  
Go get, go get on one
