

Space Ship

Jagged Edge

Since you've been gone, I've been out of it. Out to lunch. Spaced out or something. On another planet, hmpf, and I know its my fault!

I'm thinking maybe I'm just poison
Cause the love I find it always dies away
Or maybe I'm some kind of alien
Till she look at me like I'm from another place
And I guess that would explain this
How I'm always outta place, that explains this
How she don't understand what I say, that explains this
How I can tune it all away, go to another place

Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She don't wanna see me,
and I don't wanna be here no more, no more,
I'm going far away
Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She's the only one who knows me
And I'm just so lonely, alone, alone
I'm going far away,
Tonight I'm leaving Earth off in my spaceship, yeah yeah
Tonight I'm leaving Earth off in my spaceship, yeah, yeah (I'm taking off baby)

All I hear is noise and drama,
I see lips just moving but
I'm blocking out the bruising
And the problems
Conversation we misuse it
Cause my baby so used to it
That I get caught up, caught up in what I'm trying to say
we used to be like music
now we tone deaf, and they booing (and I)
and I know that I never meant to push you away
that's why I'm flying out to space

Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She don't wanna see me
and I don't wanna be here no more, no more
I'm going far away
Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She's the only one who knows me
And I'm just so lonely, alone, alone
I'm going far away
Tonight I'm leaving Earth off in my spaceship, yeah yeah
Tonight I'm leaving Earth off in my spaceship, yeah, yeah

Off in my spaceship
Means I'm on my head trip
Pretty lost off in a stare
In a loon, mental chair
Gone be ugly for about 3 days
Alone lonely E way

And I got in one of them moods
She done put me in that mood
I'm about to skirt on the milky way
And after that
Its Mercury, Jupiter, Pluto, and Saturn
In fact I'm about to go, get-go, get-go
I'm going going gone, I'm gone, I'm gone
I'm counting down the takeoff (10, 9, 8)
I'm counting down the takeoff (7, 6, 5, 4)
I'm counting down the takeoff (3, 2, 1)

Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She don't wanna see me
and I don't wanna be here no more, no more
I'm going far away
Tonight I'm leaving Earth off in my...
Spaceship, Spaceship, Spaceship (I'm taking off)
She's the only one who knows me
And I'm just so lonely, alone, alone
I'm going far away
Tonight I'm leaving Earth off in my spaceship, yeah yeah
Tonight I'm leaving Earth off in my spaceship, yeah, yeah
