

# Stop Light

Jagged Edge

Bet, listen  
If you switchin' up on me a lil' too much, like  
You change directions like stoplights (Oh-woah)  
No, real talk  
And I just need to know what's up (Ooh)  
It's like we stuck on yellow  
Why you keep switchin' up on me? No  
Switchin' up on me? No  
We'll be fine  
And then you switch it up on me though

And they say money is as booty does (Oh-woah, woah)  
Girl, just let me know if I'm not enough, oh-woah, oh-woah  
And, baby, don't play with my emotions, no (Oh, no)  
And I know green means go  
So let's go, woah

Your love like a stoplight, the way you change on me (Ooh)  
Never been uptight but the way that things are (The way that things are)  
You're lookin' like a stoplight, stoplight, stoplight  
Because I'm ready to go, don't feel like we goin' far (Oh)  
Your love like a stoplight, tell me where to go (Ooh, girl, I'm ready, you're like, like a-)  
Your love like a stoplight, tell me where to go  
'Cause we been stuck on yellow, yellow

They say sexy is as sexy does, yeah  
You're my future, now, and was, yeah  
You're my high, you're my buzz, yeah  
Yeah, ah-ah, ah-ah  
Only light I see is that green, we on go  
All I see is light, they just flashin', who know  
I'm avoidin' like hell, girl, that stoplight  
'Cause the way you change up, girl, that's not right  
I wonder why, why, why you keep distance  
All I need is you to be consistent  
Your mood be controllin' my system

Your love like a stoplight, the way you change on me (The way you changin')  
Never been uptight, but the way that things are  
You're lookin' like a stoplight, stoplight, stoplight (Feel like I'm sittin' so still)  
Because I'm ready to go, don't feel like we goin' far  
Your love like a stoplight, tell me where to go (Ooh, oh-oh)  
Your love like a stoplight, tell me where to go (Ready for you)  
'Cause we been stuck on yellow, yellow

Stuck on this yellow, tryna leave like, where you go (Ooh-oh)  
In every, which direction, I don't know where you're goin' (Ooh-oh)  
Speedin' off that exit, all I see are brake lights glowin' (Ooh-oh)  
Now I'm tryna catch you, hopin' I can win you over (Ooh-oh)  
(Ooh-oh)  
(Ooh-oh)  
(Ooh-oh) Yeah, yeah, yeah, yeah, babe  
(Ooh-oh)

Your love like a stoplight, the way you change on me (I like the way you are

)

Never been uptight, but the way that things are (Way you are)  
You're lookin' like a stoplight, stoplight, stoplight  
Because I'm ready to go, don't feel like we goin' far ('Cause I'm ready to go,  
we goin' nowhere, not too soon)  
Your love like a stoplight, tell me where to go (Let me know, baby, ooh, girl,  
I'm ready to go)  
Your love like a stoplight, tell me where to go ('Cause I got plans for you,  
let's just go, baby)  
'Cause we been stuck on yellow, yellow
