

Talk in Sleep

Jagged Edge

It'll come around eventually
While you talkin' in your sleep
Ain't no secrets in the creepin' you do
You keep talkin', I hear you now
You keep on talkin', I hear you now
You keep on talkin', I hear you now
Tell me what is a man to do, oh

When I fall for someone, yeah
And I give her everything that I got
So if I leave it's no questions, no
And I know, baby, what I do, yeah
And I'm just a man tryin' to get it right
And that's no excuse, how 'bout you

Baby, whatever it will be, it will be, it will be, it will be (Oh yeah)
No, I can't be worried 'bout nothin' (Oh no)
If it happens, girl, I'ma keep truckin', yeah, yeah (Baby, yeah)

It'll come around eventually
While you talkin' in your sleep (Talkin')
Ain't no secrets in the creepin' you do (And I think you do)
You keep talkin', I hear you now
You keep on talkin', I hear you now (Keep on talkin' now)
You keep on talkin', I hear you now (Keep on talkin' now)
Tell me what is a man to do, oh

I'm takin' off, and I'm takin' quotes
If any names ever come out her mouth
I'm up in the morning checkin' it out
You know, know you done messed up
You just won't admit, but baby
(I know what you did) Girl, I know, know, know

Baby, whatever it will be, it will be, it will be, it will be (Ooh, it will be)
No, I can't be worried 'bout nothin'
(I can't be worried 'bout nothin')
If it happens, girl, I'ma keep truckin', yeah, yeah

It'll come around eventually
While you're talkin' in your sleep
Ain't no secrets (Ain't no secrets) in the creepin' you do (Ooh, ooh)
You keep talkin', I hear you now
You keep on talkin', I hear you now (You keep on talkin' now)
You keep on talkin', I hear you now
Tell me what is a man to do, oh

(Whoa whoa)
Who are you talkin' to?
(Whoa whoa)
Oh, what did you say?
(Oh, whoa whoa)
What did you say?
(Ooh ooh)
Oh oh oh
(What's that you say, girl?)

Talkin' in your sleep

It'll come around eventually
While you're talkin' in your sleep
Ain't no secrets in the creepin' you do
You keep talkin', I hear you now
You keep on talkin', I hear you now
You keep on talkin', I hear you now
Tell me what is a man to do, oh
