Things I Do For You

Jagged Edge

I don't need
Explanations of me and baby we are locked in
We're on the same page, she's never too far from me
The simple things, me and her
Everything ain't gotta be tough
Can't stop us, supposed to be together
So go ahead and talk your little joke

I know she's right for me, we're close like family
She give her right hand for me, face the family
She still stands with me, yeah

Don't matter what nobody say about the things I do for you
Tell ya brother and ya mama & 'nem they don't know how I feel for you
Don't matter what nobody say about the things I do for you
Don't matter, don't matter what they say
Don't matter what they say about the things I do for you

Girl we, the bond we got is really unbreakable
Any questioning about your worth, I tell them I'm paid in full
I been jumped on the highway, was traveling long ago
Anybody asking about my girl, I tell them my girl's a go

I know she's right for me, we're close like family
She give her right hand for me, whatever the drama is

She stands right with me, yeah

Don't matter what nobody say about the things I do for you
Tell ya brother and ya mama & 'nem they don't know how I feel for you
Don't matter what nobody say about the things I do for you
Don't matter, don't matter what they say
Don't matter what they say about the things I do for you

Everybody got a mouth, everybody got something to say
If they ain't feeling me and you tell them don't even walk this way
Ain't worried about the ones that believe you and me are meant to be
I know that it might get hard, but baby I'll stay anyway

I know she's right for me, we're close like family
She give her right hand for me, whatever the problem is
[?] stands with me, yeah

Don't matter what nobody say about the things I do for you
Tell ya brother and ya mama & 'nem they don't know how I feel for you
Don't matter what nobody say about the things I do for you
Don't matter, don't matter what they say
Don't matter what they say about the things I do for you
