

Without love

Jagged Edge

Time, it ain't always on your side
It can always let you down
Oh, oh

Life don't have no meaning without love
You keep saying that you don't know if you believe in love
That's just disrespecting everything we built up
You can't tell me what I feel and you ain't feel nothing
Life don't have no meaning without love
You keep saying that you don't know if you believe in love
That's just disrespecting everything we built up
All I know is life don't have no meaning without love

You play four quarters but nobody wins (Meaningless)
You live a whole life with nothing but sin (Meaningless)
Sexy as you wanna be but you can't get in (You see it then)
Tell me what's a life without love? What is the meaning?
We should bring sons and daughters to find a love for them
Love really has no borders, you can take it anywhere you want
But loving should be the thing everybody wants

Life don't have no meaning without love
You keep saying that you don't know if you believe in love
(Don't believe in love)
That's just disrespecting everything we built up
(What's wrong, y'all?)
You can't tell me what I feel and you ain't feel nothing
(Can you tell me, baby?)
Life don't have no meaning without love (Without love, babe)
You keep saying that you don't know if you believe in love
(I believe in love)
That's just disrespecting everything we built up
(Hey, yeah, yeah)
All I know is life don't have no meaning without love
(Without love)

If we built a house then we never move in, that's meaningless
Go to withdraw some money but forget your PIN (That's meaningless)
There used to be so much love and passion that you forgot about
I'm talking soul, body, and mind, I guess your mental blocked it out
Ooh ooh, the cards I'm dealing with hurt
Cry, chillin' at night like I don't know your worth
Now we're not making love no more (We're not making love)
Baby, don't you walk out that door

Life don't have no meaning without love (Baby, babe)
You keep saying that you don't know if you believe in love
(No, you don't believe in love)
That's just disrespecting everything we built up
(Oh, oh, oh, oh)
You can't tell me what I feel and you ain't feel nothing
(And it's feeling love)
Life don't have no meaning without love (Baby)
You keep saying that you don't know if you believe in love
(You don't know what you believe in)
That's just disrespecting everything we built up
(Oh, ho, ho, whoa, oh)

All I know is life don't have no meaning without love
(Life don't have no meaning without love)

Love's that special feeling, we need it to get a meaning
(Special feeling)

Baby, without love, there ain't no need for us to be here
(Neither one of us, baby)

Love's that precious thing

When you need it, you gotta feed it (Feed it)

Life don't have no meaning without love (Hey, yeah)

Love's that special feeling, we need it to get a meaning (Hey)

Baby, without love, there ain't no need for us to be here
(Baby, baby, baby)

Love's that precious thing

When you need it, you gotta feed it (We need it, love)

Life don't have no meaning without (L-O-V-E, love)
