

Precious Time

Jagwar Twin

'Cause we never see our depth 'til we're underwater
And we never need our breath 'til we're underwater
Time ticking in your head, going underwater
Waist deep, wasting time we know we can't change

Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time
Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time

Walked up Heaven's Gate, picking the lock
Precious time on your mind
Stocked up for the day, ready or not
Precious time on your mind

'Cause we never see our depth 'til we're underwater
And we never need our breath 'til we're underwater
Time ticking in your head, going underwater
Waist deep, wasting time we know we can't change

Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time
Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time

Shot like buffalo out on the plains
Precious time on your mind
Lock like Navajo, blood in the veins
Precious time on your mind

'Cause we never see our depth 'til we're underwater
And we never need our breath 'til we're underwater
Time ticking in your head, going underwater
Waist deep, wasting time we know we can't change

Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time
Nobody else (Nobody else), nobody else (Nobody else)
Nobody else, I know I'm wasting precious time

Wasting precious time
