

# The Circle

Jagwar Twin

Long ago, there was a Jagwar with a world tied on a String  
And She made other Jagwars, then taught them to sing  
She would come down to The Empires of the Earth, Wind, and the Sea  
And She'd walk with the Jagwars, this song they would sing

Oh  
The Circle will grow  
From the inside of the Inside  
The Circle will grow  
Oh  
The Circle will grow  
But the inside of the Inside must be where you go

AUM

Many cycles of The Story came and went with their Kings  
And the New Kings told Jagwars they never could sing  
So the Maker of the Jagwars hid the Song inside their Wings  
On the inside of the Inside, then left them to sing

Oh  
The Circle will grow  
From the inside of the Inside  
The Circle will grow  
Oh  
The Circle will grow  
But the inside of the Inside must be where you go

Well the Earth changed and the Sky raged for the Jagwars on The String  
And The Empires built cages and sold everything  
Till a Wise One found a small Cave where the Jagwars used to sing  
And the Wise One remembered She once held The String

Oh  
The Circle will grow  
From the inside of the Inside  
The Circle will grow  
On  
The Circle will grow  
But the inside of the Inside must be where you go

Oh  
The Circle will grow  
From the inside of the Inside  
The Circle will grow  
Oh  
The Circle will grow  
But the inside of the Inside must be where You go  
But the inside of the Inside must be where You go  
But the inside of the Inside must be where You...  
Go
