

Can't Wait

Jah Cure

I can't wait
For you to see how much I changed
No excuses, it was my fault
I'm the only one to blame
But I'm different now
Won't you believe me
You gotta believe me

It's been a couple months now
Since I heard your voice
Had to give you time to think now
And get away from the noise
Got a message from my heart now
And it just can't wait
Tried to write it in a letter
But I found the words to say
And they go oooooooooooooo
I regret the tears that fell from your face
Hate to see a pretty girl cry
And I'm like oooooooooooooo
Sat outside my cell I'm in the coldest place
Gotta tell you something

I can't wait
For you to see how much I changed (yeah)
No excuses, it was my fault
I'm the only one to blame (oh yeah)
But I'm different now
Won't you believe me (won't you believe me)
You gotta believe me (gotta believe me)
Come on and believe me (won't you believe me)
You gotta believe me (gotta believe me)

Conscience talking to me
Like it can't wait another day
No she didn't want to hear me
You gotta take it to her face
I pleaded of not guilty
To the charges that she claim
Jump to one conclusion
Hope you find the mind to change
And I'm like oooooooooooooo
I hate to see you with another man
Oh I can't take it
And I'm like oooooooooooooo
I wanna put my world back in your hands
Then I can show you

I can't wait (I can't wait no)
For you to see how much I changed (how much I changed)
No excuses, it was my fault (all my fault)
I'm the only one to blame (Blame me)
But I'm different now
Won't you believe me (won't you believe me)
You gotta believe me (you gotta believe me)
Come on and believe me (won't you believe me)
You gotta believe me (you gotta believe me)

If there was a lesson
I've already learned it (Yea)
Didn't need to start this fire
Don't let me just burn (oh no)

Cause I can't wait (eh)
I can't wait (oh no, oh no)
I can't wait (no I just can't wait)
For you to see how much I changed (for you to see change)
No excuses, it was my fault (it was my bad)
I'm the only one to blame (wanna blame, blame me girl)
But I'm different now
Won't you believe me (won't you believe me)
You gotta believe me (you gotta believe me)
Come on and believe me (won't you believe me)
