Always Come Back

Jaheim

Up 8 am got a one-way coach
Waving bye bye listening to One last hug and a kiss as I button ma coat
While the wind from the Hudson is freezing my soul
What I could carry is all that I packed
And I'm trying my best not to cry
She said
Honey if you ever needed to
You can always come back
You can always come back
Always come back
To ma warmth and ma loving
Good food kinda loving (yeah)
You can always come back
To these arms
You can always come back
Faces that don't ever leave
Remember that means my Feel traps stop moving fast
If you can't find your rhythm
You can always come back
(ohhh ohhh ohhh ohh ohhh)
(ohhh ohhh ohhh ohh ohhh)
(ohhh ohhh ohhh ohh ohhh)

Early Sunday morning
Good books she would read
Taught me how to pray to brown skinned brother Jesus
No church in while I was on my deed
Protected from these streets and the evil unseen
I mean, for all the wrongs that I've done in my past
For all the pain I have covered up inside
She said son if you ever needed to
You can always come back
You can always come back

To reach out to Good friends or family

You can always come back
You can talk you can listen
But love's unconditional
You can always come back
When the course they be dealing
Ain't fair can't get a pair
There's a train on the track
You can always come back
(wooo wooo woooo wooo)
(wooo wooo woooo wooo)
(wooo wooo woooo wooo)

Ain't no place I'd rather be
Than spending ma time with ma family
The years the months
The tears the trials
We learned to live the best off
Where there was lest of
Always hold it down when the family was messed up
And if I ever needed a place to rest my head
She said son if you ever needed to

You can always come back
You can always come back
To reach out to Good friends or family
You can always come back
You can talk you can listen
But love's unconditional
You can always come back
When the course they be dealing
Ain't fair can't get a pair
There's a train on the track
You can always come back
(wooo wooo woooo wooo)
(wooo wooo woooo wooo)
(wooo wooo woooo wooo)
